

Hinds County School District has partnered with BrightBytes Technology and Learning, a company specializing in gathering targeted information to help us continue improving our overall education technology efforts. Brightbytes aims to get feedback on the instructional environment, technology, social & emotional learning, and equity and access, whether our students are learning at school or home. The results will provide some essential data to help us determine the needs of our district, especially right now during the pandemic. Your participation is vital to help us gather information on technology, so please give us feedback. The questionnaire will take approximately 5 minutes to complete. The last day to complete this questionnaire is Friday, December 10, 2021. Please respond using the link below:

School Name	User Type	Questionnaire Link
Bolton Edwards Elementary Middle School	Parent	<a href="http://www.BByt.es/V44AP">www.BByt.es/V44AP</a>
Byram Middle School	Parent	<a href="http://www.BByt.es/J429P">www.BByt.es/J429P</a>
Carver Middle School	Parent	<a href="http://www.BByt.es/LR8TP">www.BByt.es/LR8TP</a>
