E-mail Settings for Windows Mobile Phones

Source: [TechRepublic](#)

Hinds County does not support personal cell phones. The following information was obtained from the Internet.

- From the home screen, browse to the App list.
- Select "Settings"
- Select "e-mail & accounts"
- Select "add an account"
- Select an "Outlook" account
- Type your e-mail address.
- Type your password.
- Press the "sign in" button
- Type [hcsd.local](#) for the domain
- Press the "sign in" button
- Modify the Description **if desired**. For example, "Exchange" vs. "HCSD E-mail" vs. "District E-mail" etc.
- Select when you would like e-mail to be delivered.
- Select the features to synchronize. **If you synchronize the calendar and contacts, it may erase what's currently stored on the phone. Once the information is gone, it can't be restored.**
- Enter [webmail.madison-schools.com](#) for the Domain.
- Press the check mark to accept your settings.
