# SUMMER BOWLING CLINIC

This is for ALL students that want to improve their bowling skills.

You do NOT have to already be on a High School bowling team.

You simply must be entering the 7th thru 12th grade in the `17-`18 school year.

Bowlers will receive coaching instructions from certified bowling coaches and high level local league bowlers.

This is NOT a league format where a bowler comes to compete against other bowlers for score. This is a coaching clinic designed to help young bowlers learn the game and improve their skills for years to come.

PLEASE FILL OUT THE INFORMATION BELOW :
