## **Mississippi Healthy School Self-Assessment**

**Planning Questions** – for all components  
(copy this page for each component that you are writing a plan for).

### **Planning Question 1**

Look back at the scores you assigned to each definition of success. According to those scores, what are the strengths and weaknesses that were discovered?

We need to increase community engagement and family engagement as it relates to the health and wellness of our students, as well as our community.

### **Planning Question 2**

For each weakness identified, list recommended action(s) to improve your school's scores.

Engage with our family and community more by providing newsletters and social media posts regarding healthy eating and the importance of exercise. Also sharing this information on our district website
